TO THE TRADE

This List Cancels All Previous Lists

Packing. Net f. o. b. our shipping points. Packing charges are extra. We make no charge for packing car lot orders in bulk.

NOTICE!

We anticipate that there will be many shortages before the Planting Season is over. All prices in this list are subject to change without notice. All quotations are made for immediate acceptance and with the understanding that all orders placed by us with our shippers are placed subject to shipper having stock on hand at the time your order is received. We advise you to place all orders early.

Prices are subject to change without notice. All stock herein listed subject to prior sale.

Orders are accepted on condition that they shall be void should stock become injured by frost or other causes beyond our control. We cannot be responsible for loss caused by damage or delay in transit. If such damage occurs, it must be reported and entered immediately with your local agent of the transportation company.

Claims for error or shortage will be gladly corrected, but we must be notified within **ten days** after arrival of the stock. Such claims must be based upon an actual check of material at the time shipment arrives and not after it has been sold or lined out.

Quantity Discount. Five plants furnished at the 10 rate, 25 at the 100 rate and 250 at the 1,000 rate.

Guarantee. Prices do not include any guarantee of growth.

Terms. All accounts are due and payable 60 days from date of invoice. Cash, security, or satisfactory Trade references will be required from unknown parties. Interest at 6% will be charged upon all past due accounts. Cash discounts: 2% 10 days; 1% 30 days from date of invoice.

Where quantity ordered is of sufficient amount we can arrange for shipment by motor truck at reasonable rates. Our favorable locations make it advantageous for our customers to come with their trucks and take away their purchases.

OUR SERVICE

We always use the greatest care in placing orders for material where we believe the customer's interests will be best served as regards transportation, etc. Sometimes we receive orders for material of which we are either sold out or do not list. In such cases we fill the order, if possible, from the nearest source of dependable stock. This service, we believe, means much to our customers, especially during the busy planting seasons.
